### SUMMARY

Frontend Engineer with 2 years of experience developing scalable, high-performance, and SEO-optimized web applications using React, Next.js, TypeScript, and Tailwind CSS. Proven success in building reusable component libraries, integrating APIs, and achieving 100% SEO scores with a 35% traffic increase. Delivered CMS and CRM platforms adopted by 50+ clients. Passionate about clean code, user experience, and continuous learning.

### EDUCATION

#### Faculty Of Engineering Alexandria University

Bachelor's Degree in Civil Engineering

Alexandria, Egypt

Oct 2017 – Aug 2022

#### ROUTE Academy

Diploma in Frontend Development

Jun 2022 – Dec 2022

### EXPERIENCE

#### Motajer App

Frontend Engineer

Remote

Mar 2024 – Present

- Developed and enhanced ERP & CRM systems (inventory, accounting, scheduling).
- Implemented responsive UIs with React.js, Next.js, TypeScript, Tailwind CSS, Framer Motion, Redux.
- Collaborated with cross-functional teams to launch merchant store setup tools.
- Optimized performance & SEO via SSR, image optimization, Lighthouse tuning (100% SEO, +35% traffic).
- Built CMS dashboard enabling content & role management, reducing update time by 40%.
- Developed full CRM system (Clients, Sales Orders, Opportunities, Reports), improving lead conversion by 15%.

### PROJECTS

#### Elitebiznes | Next.js, TypeScript, Axios, React Slick, Framer Motion

Dec 2024

- Custom CMS Dashboard: Enables complete control over website content, sections, and pages through a secure, React-based interface with real-time API integrations.
- SEO-Optimized (100%) and high-performance website built with server-side rendering.

#### Pipeline App | React, TypeScript, React Flow, Canvas, Tailwind CSS, Axios

May 2025

- Developed a task management application with full CRUD functionality (add, edit, delete, update).
- Implemented responsive UI and integrated API calls for real-time task updates.

#### E-commerce App | React, TypeScript, Tailwind CSS

Apr 2025

- Built a responsive e-commerce store interface with product listing, cart management, and checkout flow.
- Integrated with APIs to fetch product data dynamically and ensured smooth navigation and performance.

#### Course Player | React, TypeScript

Dec 2022

- Modern, interactive course video player platform.
- Provides an intuitive interface for students to watch and track their progress.

#### CRUD App | React, CSS, Axios

Apr 2024

- Built a simple CRUD application with add, edit, update, and delete functionality.
- Employed React, CSS, and Axios to deliver an intuitive user experience.

#### Movie App | React.js, Bootstrap, Material UI

Dec 2022

- Developed a movie search and review application.
- Implemented user authentication and authorization, search functionality, and pagination.
